AMENDMENT AND RESPONSE

Honorable Commissioner For Patents
Washington, D.C. 20231

Sir:

This paper is in response to the Official Action dated November 4, 2002. Kindly amend the application in accordance with the following particulars:

IN THE CLAIMS:

Please amend claims 5 and 6, as indicated by the clean copy in Appendix A and the marked-up copy in Appendix B, attached hereto.

IN THE SPECIFICATION:

Please amend the following paragraphs, as indicated by the clean copy in Appendix C and the marked-up copy in Appendix D, attached hereto: Page 1, lines 8-14; and Page 3, lines 17-26.

REMARKS

Reconsideration of the application is respectfully requested for the following reasons:

1. Rejection of Claims 5 and 7 Under 35 USC §103(a) in view of U.S. Patent No. 4,554,491 (Plunkett)

This rejection is respectfully traversed on the grounds that the Plunkett patent discloses a stator made up of a single pole plate assembly, rather than a plurality of separate coaxially-stacked and staggered pole plate assemblies, as now recited in claim 5.
